

ENERGY FOR PALMDALE'S
INDEPENDENT CHOICE

Dear EPIC commercial partners,

In March 2023, Palmdale businesses will have a new default power provider: Energy for Palmdale's Independent Choice (EPIC). EPIC, a program created specifically for our community, will offer clean energy at low, competitive costs. In addition, EPIC will be locally managed and overseen by the Palmdale City Council. Our partner, SCE, will continue to deliver power to your home or business, maintain the grid and all equipment, provide billing and collection of payments, open and close accounts, and provide customer service and field service (including during power outages). There will be no change to automatic payments.

Same Power, New Choice – Commercial customers will have three options:

38% Renewable Energy

Our most cost-effective plan. As EPIC's default choice, all customers are automatically enrolled in the EPIC Power.

100% Carbon-Free Energy

With EPIC Power100 your electricity will come from carbon-free energy sources such as solar and wind.

Customer-Produced Energy

Available for customers who generate their own solar or wind power.

By default, you will be enrolled in EPIC Power but may opt up to EPIC Power100, our cleaner, greener option. You may also choose to opt out and remain with SCE. For full rate details, opt-out and opt-up instructions, visit PalmdaleEPICEnergy.com or call (661) 267-5419.

Thank you from EPIC, your new energy provider.

Program Details:

ENROLLMENT: Effective March 2023, EPIC will become the default electric power provider within the City of Palmdale. Your business will be automatically enrolled in EPIC's default program on that date. If you would like to continue as an SCE customer for energy and do not want to be automatically enrolled with EPIC, you must opt out of the automatic enrollment. You only need to take action if you want to opt out and remain an SCE customer.

OPT OUT: You have the right to opt out of EPIC. If you decide to opt back in to SCE after the 60-day opt out period, SCE will charge a one-time account processing fee. By opting out, you will also be subject to SCE's then current rates, terms and conditions of service. For details on SCE's rates, terms and conditions, please visit sce.com. You will not be charged any fees if you opt out within the first 60 days after your automatic enrollment with EPIC or if you cancel electric service altogether (for example, if you move). If you opt out, you will still be charged for all electricity you used before the transfer of electric service. Accounts will be transferred on the day the electric meter is read and cannot be transferred during the middle of a billing cycle. In order for your request to be processed on your next meter read date, your request must be received at least 5 business days prior to the date on which the meter is read. To opt out, without penalty, you must call (661) 267-5419 or visit our website at www.PalmdaleEPICEnergy.com. You may also call or visit our website for additional information. Have your electric bill handy so that we can process the request.

BILLING: EPIC customers will continue to receive one bill from SCE each month. This bill includes all electricity service charges, including EPIC's power generation charges, and SCE's Transmission and Delivery services.

FAILURE TO PAY: EPIC may transfer your account to SCE upon 14 calendar days' written notice to you if you fail to pay any portion of the EPIC charges on your bill. If your service is transferred, you may be subject to additional requirements by SCE. For more information, please call EPIC at (661) 267-5419.

CARE, FERA, MEDICAL BASELINE PROGRAMS: If you are currently enrolled in the California Alternative Rates for Energy (CARE), Federal Energy Rate Assistance (FERA), or Medical Baseline programs, you will continue to receive all benefits and discounts upon enrollment in EPIC.

TERMS AND CONDITIONS OF SERVICE: EPIC strives to provide low, competitive generation rates. Available rates can be reviewed at www.PalmdaleEPICEnergy.com or by calling (661) 267-5419. SCE also charges EPIC customers authorized fees for delivering power to your home or business and for providing other services. These components of your electric bill are the same whether you buy electricity from EPIC or SCE.

By default, you will be enrolled in EPIC Power but may opt up to EPIC Power100, our cleaner, greener option. You may also choose to opt out and remain with SCE. For full rate details, opt-out and opt-up instructions, visit PalmdaleEPICEnergy.com or call (661) 267-5419
